THIS AMENDING AGREEMENT (the "Agreement") is made as of the 1<sup>st</sup> day of July, 2014

B E T W E E N:

NORTH SIMCOE MUSKOKA LOCAL HEALTH INTEGRATION NETWORK (the "LHIN")

AND

WAYPOINT CENTRE FOR MENTAL HEALTH CARE (the "Hospital")

**WHEREAS** effective December 15, 2008, the Ministry of Health and Long-Term Care (the "Ministry") divested its program called the Mental Health Centre Penetanguishene to the Hospital;

**AND WHEREAS** as part of the divestment the Ministry entered into a service accountability agreement with the Hospital effective December 15, 2008, for a term ending March 31, 2010 (the "H-SAA");

**AND WHEREAS** effective December 19, 2008 the Ministry assigned its rights, duties and obligations under the H-SAA to the LHIN except as otherwise set out in Article 15.5 of the H-SAA and subject to the conditions contained in Article 5.1 of the H-SAA;

**AND WHEREAS** pursuant to various amending agreements the term of the H-SAA has been extended to June 30, 2014;

**AND WHEREAS** the LHIN and the Hospital have agreed to extend the H-SAA for a further nine month period to permit the LHIN and the Hospital to continue to work toward a multi-year H-SAA;

**NOW THEREFORE** in consideration of mutual promises and agreements contained in this Agreement and other good and valuable consideration, the parties agree as follows:

**1.0 Definitions.** Except as otherwise defined in this Agreement, all terms shall have the meaning ascribed to them in the H-SAA. References in this Agreement to the H-SAA mean the H-SAA as amended and extended.

**2.0 Amendments.**

2.1 Agreed Amendments. The H-SAA is amended as set out in this Article 2.

2.2 Amended Definitions.

(a) The following terms have the following meanings.

"**Schedule**" means any one of, and "**Schedules**" means any two or more as the context requires, of the Schedules appended to this Agreement, including the following:

- Schedule A: Funding Allocation
- Schedule B: Reporting
- Schedule C: Indicators and Volumes
  - C.1. Performance Indicators
  - C.2. Service Volumes
  - C.3. LHIN Indicators and Volumes

2.3 **Term.** This Agreement and the H-SAA will terminate on March 31, 2015. Article 3.2 of Schedule E-1 is deleted and replaced with:

“(a) The LHIN and the Hospital acknowledge that the Hospital’s ability to achieve a balanced operating position in fiscal year ending March 31, 2015 depends on the review and right-sizing (including wage harmonization) of the Hospital’s annualized Base Budget Allocation in accordance with Article 1.1(c) of the H-SAA. The LHIN and the Hospital will review the Hospital’s operating position on a monthly basis.

(b) Once the Hospital has been advised by the provincial government of its final funding announcement and right-sizing, and if the Hospital determines at that time that it will not be able to achieve a balanced operating position for fiscal year 2014/15, then the LHIN agrees to waive the requirements of Article 6.1.3 Balanced Budget of the HSAA from April 1, 2014 to March 31, 2015 provided that:

- (i) the Hospital has advised the LHIN that it anticipates incurring a deficit of no more than \$1.0M by March 31, 2015. The Hospital agrees that it will not exceed \$1.0M and the Hospital will fund this deficit out of its working capital.
- (ii) the Hospital shall develop a hospital improvement plan (the “HIP”) that will enable the Hospital to achieve a balanced operating position no later than March 31, 2016;
- (iii) following the formal funding announcement and right-sizing, the Hospital shall deliver its board approved HIP within a time frame mutually agreed with the LHIN;
- (iv) the HIP is acceptable to the LHIN; and
- (v) the Hospital shall report at any time if it is determined that its projected deficit for 2014/15 is greater than \$1.0M. The report will contain explanations for the variance and recovery plan.”

**3.0 Effective Date.** The amendments set out in Article 2 shall take effect on April 1, 2014. All other terms of the H-SAA shall remain in full force and effect.

## 2014-2015 Schedule C3: Local Indicators and Obligations

### LOCAL EXPECTATIONS

#### Care Connections Participation

Health Service Providers are required to collaborate with system partners to support the development of an integrated system of health services that provides person-centred, timely, equitable access, high quality, evidence-based services in an efficient, effective and sustainable manner. (referred to as "Care Connections - Partnering for Healthy Communities")

The Hospital understands that as a partner in the local health system, it has an ongoing obligation to participate in the work and initiatives of all Councils and Project Steering Committees, to the extent that it is able without impacting its capacity to meet its other obligations under this agreement. Such initiatives include, but are not limited to:

- o Identification of Council project leads and/or project champions
- o Participation in regional/provincial planning and implementation groups
- o Participation in regional/provincial planning and implementation groups

As a lead organization accountable for the achievement of agreed upon deliverables associated with the MENTAL HEALTH AND ADDICTIONS COORDINATING COUNCIL as part of the Care Connections vision, the Hospital will ensure that:

- o The CEO (or a LHIN-approved Senior Executive delegate) is assigned to act as Chair of the Coordinating Council for the above initiative.
- o Participate and collaborate as a member of an oversight council ("referred to as the "Leadership Council") to implement such recommendations as are agreed to by the Leadership Council and NSM LHIN Board of Directors.

### LOCAL OBLIGATIONS

#### Risk Management

HSP Boards will ensure that:

- o The health service provider has an organization-specific policy in place related to the management of risk;
- o Significant and major risks are identified and reported promptly to the LHIN in the manner outlined in the "NSM LHIN Risk Management Reporting Guidelines and Manual";
- o Identify and implement mitigating actions, where necessary, and provide status updates to the LHIN where risks remain unmitigated.

#### Client Experience

Health Service Providers will provide the LHIN with an annual summary of satisfaction survey results. The summary will include the reporting of:

- o Total Number of Clients/Family Members surveyed for Client Satisfaction
- o Total Number of Clients/Family Members indicating that Overall Care Provided was positive.

#### HQO-associated reporting to the LHIN

Pursuant to the Excellent Care For All Act, 2010, the Health Service Provider will prepare a Quality Improvement Plan (QIP) for submission to Health Quality Ontario (HQO) in a form prescribed by HQO on timelines established by that agency. In addition to meeting this statutory obligation, the Health Service Provider agrees to submit to the LHIN, at least 30 days prior to its submission to HQO:

- o • a draft version of the Quality Improvement Plan
- o • a draft version of its annual report on the achievement of its Quality Improvement targets

#### French Language Services

If the Health Service Provider is required to provide services to the public in French under the provisions of the French Language Services Act, it will be required to submit a French language implementation report to the LHIN.

As such, the hospital identified by the LHIN to provide service in both Official Languages in a designated area under the French Language Services Act must implement a plan to do so in order to work towards the designation under the Act, and agree to:

- Continue the implementation of French Language Services Planning and Implementation with the eventual completion of a FLS Designation plan
- Actively participate in activities designed to support the implementation of their FLS plan, including working with the LHIN to complete the French Language Services Planning and Implementation plan.
- Strike a FLS working group to facilitate the implementation of their FLS plan
- Report to the LHIN on their progress with respect to their FLS plan annually in SRI (2014/15 reporting template format).

Even if the Health Service Provider is not required to provide services to the public in French under the provisions of the French Language Service Act, the Health Service Provider will be required to provide a report to the LHIN that outlines how it addresses the needs of its local Francophone community.
