Compliance Commentary

(i) Waypoint Procurement - General

In keeping with the spirit and intent of Sections 4 and 5 of BPS, Waypoint reports that it invoked the non-application provision in Article 504 of the CFTA for the following classes of procurement which represent, given the nature of what is being procured, standard practice for Waypoint:

- retention of consulting physicians, psychiatrists, dentists, physiotherapists, occupational therapists, auditors, lawyers and accountants;
- joint hospital initiatives/agreements (e.g. Ontario Shores Centre for Mental Health Sciences and The Royal Ottawa collaboration, respecting a Mental Health HIS Cluster and related data sharing agreement, Centre for Clinical Ethics);
- group buying activities through organizations such as HealthPro, St. Joseph’s Group Purchasing Organization, Georgian Bay Area Public Purchasing Co-Operative, Kinetic and Ontario Education Collaborative Marketplace (OECM). Waypoint has acquired attestations from these four purchasing organizations, they have a statutory obligation to follow these requirements and at this point the hospital does not have any knowledge about them not following the said requirements.
